Incredible Musicians!

Christine was amazing to work with! She was so accommodating with my requests, and was able to bring in other musicians that worked perfectly with the music I chose. We had so many comments on how incredible the music was-- I could not have been happier.

I am SO HAPPY that we booked with Amati Music!

The music was absolutely beautiful and made an amazing impression on the guests. Everyone just loved it! There wasn't a dry eye in the house. One of our ceremony songs was picked because it had some emotional significance to the groom and his side of the family. As soon as it started playing, they all recognized it and came to thank us after the ceremony and to tell us that it brought back wonderful memories.

I was a little nervous not having them at the ceremony rehearsal the day before, but it all worked out perfectly and there were no issues at all! I would HIGHLY recommend Amati Music for your ceremony music!

Professional, helpful, flexible and beautiful music!

I was worried when I hadn't had a chance to hear a rehearsal with Amati music when I was having my sisters sing in my ceremony.

Christine assured me everything would be fine and it truly was. She suggested the trio including Cello, violin and flute. The music was so beautiful and They easily joined in accompaniment with the pianist from the church.

I think my wedding video is going to be so lovely because of the Amati musicians. It was such a classy touch!
